FOLLOW UP FROM EARLY SUMMER'S CONSTRUCTION UP-DATE

If you remember, in our last bulletin insert, we had explained the difference between funds pledged to cash in the bank. As a result, we had to re-tender the work by reducing the scope to focus on the immediate needs. Based on this, the Archdiocese has approved the bid submitted by MRP Builders for \$881,000.00 This is within the budget prescribed by the Archdiocese and allows us to start construction. We could not move forward without the Archdiocese's approval so this is good news for us.

As a next step, a letter of intent has been sent to MRP to begin the process of preparing for construction to start. Also, permit drawings are currently under review by the Town and as soon as these are issued, we hope to begin work, possibly as early as the first week in September.

If all goes according to plan with the timelines, a good part of the work is scheduled for completion for this phase of the project by end of February 2012.

So, is that good news or what? I also want to emphasize that during this peak construction times, the church services will see as little disruption as possible, so rest assured we will carry on as usual and before we know it, our church will be as good as new.

Once again, I can't thank you enough for your patience. Thank you for putting your faith, trust, and money in the hands of our parish capital campaign committee, who are committed to getting the best outcomes for our parish.

God Bless You All!

Fr. Michel Dumont
Pastor
